**Porsche Approved.  
Certified Pre-Owned Vehicles.**

**All you'll miss is the break-in period.**

**The Porsche experience feels like new.**

Legendary performance combined with a warranty to match makes the Porsche pre-owned experience

seem almost indistinguishable from the new car experience. Welcome to the club.

## **A Certified Pre-Owned Porsche has to earn its certificate.**

Only the best Porsche cars earn the right to be called certified. Every vehicle that earns the title undergoes a meticulous 111-point inspection and rigorous reconditioning process by Porsche-trained technicians to bring it back to almost new status.

## **World-class performance cars with coverage to match.**

The Porsche Approved Certified Pre-Owned limited warranty is just like our new car limited warranty.

All you're responsible for are normal wear and tear components, such as brake pads or wiper blades and scheduled maintenance. What's more, you receive 2 years or 50,000 miles

of coverage (whichever comes first) following the remainder of the new car limited warranty. Plus, our around-the-clock Porsche Roadside Assistance in the unlikely event you have trouble on the road.

All in all, you can rest easy knowing that you're covered.

## Two-way protection:

### When purchased while the new car limited warranty is still active:

#### **New Car Limited Warranty Coverage** (From original in-service date)

4 years or 50,000 miles/80,000 kilometers,  
whichever comes first

#### **Certified Pre-Owned Limited Warranty** (After expiration of the new car limited warranty)

Up to an additional 2 years or 50,000 miles/80,000  
kilometers, whichever comes first

(Vehicles can be covered up to 6 years from original date of sale or 100,000 miles/160,000 kilometers, whichever comes first.)

### When purchased after the new car limited warranty has expired:

#### **Certified Pre-Owned Limited Warranty**

2 years from the date of sale or an additional 50,000 miles/80,000 kilometers, whichever comes first

**A Porsche is one of the world's most reliable cars.**

It's a fact that two-thirds of all Porsche cars ever built are still on the road today. And that's by design. A Porsche is built to be both a superbly performing sports car and a comfortable daily driver.

So a Porsche is designed for the real world, as well as your dream come true. That's why we have the confidence to certify vehicles up to eight model years from their original in-service date.

## A legend holds its value.

With its timeless design and renowned engineering, you can rest assured that you're investing in something more than just a car. Most Porsche cars hold their value over the years. Some, of course, become collectors'

items, fetching price tags worth small fortunes. Take care of your Porsche Approved car, and it will always be in demand. After all, a pre-owned Porsche is still, firstly, a Porsche. There is no substitute.

# Your new passion awaits you.

Selecting the right vehicle for you is the most important part of your car-buying process. And next to putting your key in the ignition of the Porsche you finally drive home, the most fun. Have a good time, and use these spaces to make notes on your favorite Porsche models in stock.
