## Used vs. Certified Pre-Owned

When you purchase a Certified Pre-Owned Mitsubishi from a participating dealer, you know exactly what you're getting — a thoroughly reconditioned vehicle that has gone through rigorous inspection to meet our most demanding standards. Not to mention the ease of doing business with a friendly, local Mitsubishi professional.

## Vehicle Eligibility

Not just any car has what it takes to become a Certified Pre-Owned Mitsubishi. Every vehicle™ we select meets the strictest criteria, including:

UNDER **FIVE** YEARS OLD > FEWER THAN **60K** MILES > PASSES A **123** POINT INSPECTION

## Vehicle History Report

As part of our prequalification process performed on every vehicle to become Certified Pre-Owned, a Vehicle History Report is required. This report includes vital information like accident and repair history, and helps identify cars that don't meet Mitsubishi standards, so you can choose from only the best vehicles available.

## 123-Point Inspection

Every Certified Pre-Owned Mitsubishi must pass a rigorous 123-point inspection by a Certified Technician. Designed to test every aspect of the vehicle to ensure the strictest of standards, not all cars will make it through. But the ones that do, you can rest assured, are the best of the best. And peace of mind that comes with every mile of owning a Certified Pre-Owned Mitsubishi doesn't stop there.

There is **zero deductible** for covered repairs, and, of course, service is available at any Mitsubishi dealership throughout the US.
